Dear members of NCKU team,

We wanted to thank you for participating in the 2013 RAS Problem Competition. Regretfully, your team was not selected as one of the finalists in the competition. Your team, however, was one of the 6 teams that made the semifinals. Therefore, you will be listed as one of the Honorable Mentioned Teams of the 2013 RAS Problem Competition, and will receive a certificate.

The finalists will be making a presentation at the INFORMS conference, Sunday, Oct. 6, 11:00-12:30 during the "Railway Application Society: Problem Solving Competition" Session. We encourage you to attend this session.

We appreciate the time and effort that you spent working on this problem and encourage participating again in the future.

If you have any questions, feel free to contact us.

Regards,

2013 RAS Problem Competition Organizing Committee
